UPCOMING EVENTS

＊ Picnic with The Pros

October 10, 2025

Members get the opportunity to make connections with professionals in the agriculture industry.

＊ Cowboy Prom

October 11, 2025

Our chapter is hosting our first ever cowboy prom! Chapters and State Officers from all of Ohio have been invited.

＊ FFA Meeting

October 15, 2025

Our monthly meeting is coming up quick! Info on upcoming events will be announced. Be sure to be there!

Learning Together, Growing Stronger

Our FFA Chapter recently attended Chapter Leadership Camp at FFA Camp Muskingum, where we participated in a variety of leadership workshops designed to strengthen our skills as individuals and as a Chapter. Throughout our time at camp, we learned how to communicate more effectively, collaborate with others, and step into leadership roles with confidence.

Beyond the workshops, we also spent valuable time together, building stronger connections within our chapter members and creating memories that will carry into the rest of the year. The experience not only helped us grow as leaders but also brought our chapter closer together.

How to get involved

- Talk with an advisor
- Check the TV slideshow
- Add the FFA calendar
- Talk with another member or officer!

We would love to have you!

Farm Safety Buckets

With the help of a generous grant and support from Ace Hardware, our FFA Chapter organized a meaningful community service project where we assembled safety buckets for our local farmers. Each bucket was filled with essential supplies, including a first aid kit, designed to help farmers be prepared in case of accidents or emergencies. To make the project even more impactful, we partnered with members of the Memorial hospital, who came to share their expertise and teach farmers how to properly use the items in their first aid kits.

This also gave them confidence in knowing how to respond quickly and effectively in emergency situations. The project was a great example of teamwork and community partnership, allowing our chapter to support local agriculture while also strengthening safety awareness. It was rewarding to see how our efforts could make a real difference, and it brought a sense of pride to our members knowing that we helped protect the well being of those who work so hard to provide for our community.

This Month in Pictures

Our farmer safety bucket event. Memorial employees demonstrated how to use the first aid kit.

Members helping with food for America teaching the 5th graders at Creekview Intermediate about where their food comes from!

Our September FFA Meeting went extremely well. After our meeting members competed in "Ag olympics".

Our chapter participated in the homecoming parade! Special thanks to Mr. Keck for letting us borrow his tractor to pull our float with!

Ohio Legislative Leadership Conference

Students had a great experience attending the Ohio Legislative Leadership Conference. They learned how to effectively lobby and communicate with legislators while gaining a better understanding of how state government works. During the trip, students toured the Statehouse, and met with elected officials. It was an exciting and educational day that helped students grow as leaders and advocates for agricultural education.

"My favorite activity from OLLC was Lobbying. Getting to actively Lobby other FFA members taught me a lot."

—Delaney Looney

Get Involved!

Interested in joining our chapter or becoming more active as a member? Keep an eye out for upcoming events and CDE's you may be interested in!
